INDEPENDENT AUDITORS' REPORT

We have audited the financial statements of **Ambala Foundation**, which comprise the consolidated statement of financial position (balance sheet) as at 30 June 2016 and the consolidated statement of profit or loss and other comprehensive income, statement of receipts and payments, consolidated statement of cash flows and consolidated statement of changes in capital fund for the year ended 30 June 2016 and a summary of significant accounting policies and other explanatory information of Microfinance Program.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accounting policies summarized in the note 3 to 5 to the financial statements and for such internal control as management determines is necessary to enable the presentation of financial statements that are free from material misstatement, whether due to fraud or error;

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing as adopted in Bangladesh. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of **Ambala Foundation** as of June 30, 2016, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with accounting policies summarized in the note 3 to 5 to the financial statements.

We also report that:

- a) we have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit and made due verification thereof;
- b) in our opinion, proper books of account as required by law and MRA Act & Rule have been kept by Ambala Foundation so far as it appeared from our examination of these books;
- c) the statement of financial position and the statement of profit or loss and other comprehensive income dealt with by the report are in agreement with the books of account;

Management Report on the Financial Statements of Ambala Foundation Microfinance program for the year ended 30 June 2016.

Current year's (2015-2016) observations:

Review of internal control system of Financial Management System ensuring accountability and transparency:

I. Accounting System

Branch Authorities disburse loans to beneficiaries following policy and procedures and rules and regulations and record transactions in software system "Microfin360". In branch level, for recording the transaction in software system two individual are allowed with individual access control (password). One is branch manager and another person is branch accountant. Transactions are recorded in the system on daily basis and produces vouchers, ledgers, trial balance and financial systems on periodical basis.

At Head office MFP related accounts also maintained in "Microfin360" certified by DataSoft Systems Bangladesh Ltd. And others project maintained in Troyee Accounting Software.

Branch office prepared financial statements and submits to head office monthly basis. All collected amounts are deposited to bank account by the branch. Head office maintains control ledger and other subsidiary books of accounts based on monthly statements of branch offices and prepares consolidated financial statements in the "MIcrofin360" software.

Ambala Foundation also maintains Fixed Assets management software "NabaERP365" centrally at head office for all cost centers to ensure proper utilization of assets with sound control. Depreciation has been charged at the straight line method on fixed assets in yearly basis by the Head office. Moreover yearly fixed assets verification is conducted of each year to ensure proper management of assets.

Apart from this, the organization maintains fixed assets register, stock register, advance register, salary register, logbook, cash and bank books etc.

Despite of the existence of a sound system of accounting for Microfinance Program, we observed few shortcomings during our visit to Head office and branch offices which are presented below along with implication, recommendation and management response.

Cash management

1. Matters Arising

Cash book was not reviewed regularly by the authorized person's at Kadomtoli branch office.

Implications

The lack of authorization as well as the lack of review may result in entries made in the cash book for fraudulent purposes not being defected by management.

Recommendation

Management should ensure that the policies and procedures with regards to the cash strictly followed to avoid any risks.

Management Response

The branch manager of Kadamtoli branch has been instructed to review cash book regularly and the higher authority of Ambala Foundation also has been instructed to check the issue.

2. Matters Arising

During the course of our audit while reviewing bank reconciliation statements we observed that bank reconciliation statements were not prepared for the following months:

Branch Name	Bank Name	Account No.	Month
Kadomtoli	Southeast bank ltd.	3013100000121	March to June-2016
Atibazar	Southeast bank ltd.	8013100000023	January to June -2016
Ashulia	Southeast bank ltd.	9413100000013	April to June-2016
Kaliakoir	National bank ltd.	9336000219	October 15 to June 16

Implication

Error will not be identified on a regular basis, may lead to significant time being spent to reconcile them.

Recommendation

Management should ensure that bank reconciliation statements are being prepared on a regular basis.

Management Response

We have already given instructions to the accounts section & and all branches to prepare bank reconciliation statements of all bank accounts regularly at closing of each month.

II. Investments

a. FDR

Investment of Ambala Foundation Microfinance Program represents fixed deposit with banks. All investments in the FDR are duly approved by the appropriate authority of Ambala Foundation. Encashment of FDR and interest accrued during the year were properly accounted for. During the course of our audit we did not find any shortcomings in this area to report to the management.

b. Fixed Asset

Ambala Foundation maintains automated fixed asset register in the Head office and all of its Branch offices. Ambala Foundation procedures require that all the fixed assets maintained at Branch offices to be clearly tagged and differentiated between program assets. Fixed assets are depreciated on a straight line basis over the assets estimated useful lives and must be agreed to branch office accounts. During the audit we have reviewed the investment in fixed assets and its management to find out whether the investments are approved by the appropriate authority, properly recorded, used for the Microfinance Program and safeguarded with proper records.

Matters Arising

During our physical sighting of fixed assets on a sample basis at the Ambala Foundation Branch Office visited we noted the following lapses with regard to fixed asset recording and maintenance.

Identification number was not affixed with the following fixed assets:

Branch Name	Item Name	Item quantity
V - 1 1:	Ceiling Fan	1(one)
Kadomtoli	Bed	1(one)
Kaliakoir	Printer	1(one)
Daudkandi	Bed	1(one)

Implications

Control weakness in the fixed asset management distorts the accuracy of the asset items and may result in loss to the program.

Recommendation

Management should ensure that fixed asset register is being updated properly to ensure the accuracy and existence of physical assets.

Management Response

We have agreed with the auditors' recommendation on regular updating of fixed assets register. We already instructed the branches to maintain fixed assets register regularly. AMBALA FOUNDATION higher authority has also been instructed to confirm regular update of such register; hopefully the problem will be solved immediately.

III. Payables and Accruals

We have reviewed the payables and accruals on a sample basis and found that these were within the normal course of business and were accounted for properly. We did not find any shortcomings in this area to report to the management.

IV. Commercial Loan

We observed that Ambala Foundation has received loan funds from various banks/financial institutions which have been used for loan disbursement to the microfinance borrowers of the organizations. We have reviewed the sanction letters/approval including relevant documents and found that Ambala Foundation has complied with all relevant provisions of the loan agreements. It was also noted that all the installments payable were paid in due time and no exception was noted.

V. Loan Operation Management

Ambala Foundation has developed a detailed operational manual to execute, control and monitor microfinance operations. The manual has clearly described in detail the policies and procedures regarding disbursement & collection of loans to and from the members. Ambala Foundation has an Internal Audit Department. The Internal Audit Departmentmonitors the compliance of the relevant policies and procedures as regular interval and reports to the top management. Internal control system relating to the loan operation management was found satisfactory.

During the audit at branch offices, we found that loans were disbursed to the target people who are unable to obtain credit from mainstream banks due to lack of necessary collateral and referrals. The loans were disbursed among targeted people by maintaining all formalities as introduced by Ambala Foundation following the MRA guidelines.

Matters Arising

During the course of our audit while reviewing the loan applications, loan approval, loan disbursement and loan collection procedures at 5 branch offices to ensure that all required policy, procedures and guidelines were properly complied with, we observed the following shortcomings:

• Membership form was not found at branch office. Details are given below:

Implication

Absence of required documents in the information book may adversely affect the overall program tracking and monitoring, of which eventually leads to the dissemination of the incorrect information. Furthermore, such practice indicates monitoring weakness over loan disbursement and loan collection system.

Recommendation

Management should take necessary steps to resolve the issues to enhance the reliability of the financial statements.

Management Response

We have already given instruction to the respective persons to affix the photograph with the membership form and also given all the respective persons to be more care full about the issue.
